RAGE

by Lee Sang-il

One year since a ghastly Tokyo murder, a killer flees the scene leaving the word *Rage* in blood. Over the next year, he changes his appearance many times, stoking the imagination of a nation. In a fishing village in Chiba, a father suspects the intentions of a young man with a mysterious past dating his daughter.

In Tokyo, a businessman moves in with a stranger he met at the sauna where the gay community gathers. In Okinawa, a high school girl from Tokyo encounters an obscure man living alone on a remote island.

They are all becoming suspicious and trust is quickly overgrown with doubt.

Abattoir makes a name for itself for its premise alone, which separates it from nearly anything else in mainstream horror right now.

– [Bloody Disgusting](#)

Abattoir really reinvents the haunted house genre.

– [Dread Central](#)

An extraordinary version of creepy. (...) It gives you chills in a good way. That perfect amount of terror.

– [HorrorNews.net](#)

A unique horror-noir thriller.

AGAIN

by **Everardo Valerio Gout**

A movie told in four chapters, all telling the same story: the night leading up to the on-stage assassination of Jake Shine – charismatic lead singer, on the eve of his band's first US tour and the cusp of superstardom – at their hometown venue in South London in front of 2,000 rabid fans.

AGAIN is a movie about rock music. In four uncut takes – conflicting, interwoven, intimate, dizzying – we follow four players, all deeply connected to the mythic drama taking place, as they witness the rise, crash and burn that is the rock star's destiny.
