## ITALIANMIX 2012

VIEWFest is the most important digital movie festival in Italy, with a special focus on animation and 3D. In 2012 it will take place at the Cinema Massimo in Torino from 19th to 21st October.

VIEWFest is an international festival on 3D cinema and animation, organized every year by [VIEW Conference](http://www.viewconference.it), that screens important world previews, the best of 3D production, retrospectives, movies, short movies, video clips, music, workshops for schools and exclusive events. Not just this. VIEWFest shows the best of the international animation festivals, first of all SIGGRAPH, thanks to a network that become larger every year and goes from Holland to Greece, from Germany to USA; Turin is the Italian side of this network.

VIEWFest offers to independent productions the opportunity of an international audience and, at the same time, brings to Turin the best of the International production. With this objective, VIEW promote the contest ITALIANMIX that welcome innovative, creative and original works made by directors, digital artists and commercial artists.

Below info and deadline to send the works:

**ITALIANMIX** – Contest of short movies realized by Italian or Foreign film-makers, having as their topic Italy or Italian subjects. The selected works will be included in the screening program of the VIEWFest in Turin and will be part of the 'best of ITALIANMIX DVD'.
