"I wish you the best of luck on the festival and film market circuit.

As a film distributor I have witnessed a few times how true magic can happen in festivals for film and talent and I have personally contributed to some amazing success stories in Cannes including Boyz'n The Hood, Amfar Launch with Cliffhanger and many more. Cannes and other key festivals offer a wealth of opportunities in the film Industry and this continues to amaze and drive me.

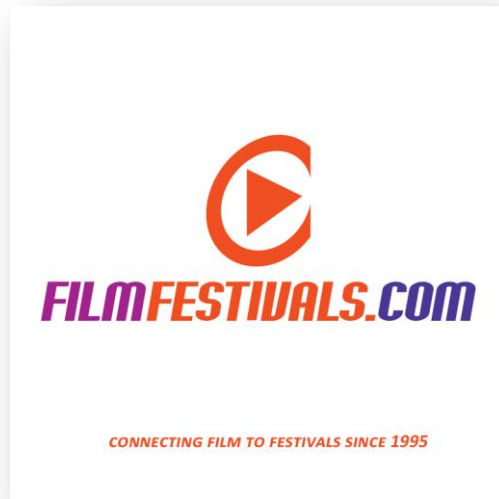

Let filmfestivals.com contribute to your success on the festival circuit which I have attended since 1987 promoting 160 films (as head of marketing and Managing Director for UGC - 20Th Century Fox Distribution, and prior to this with Sony in France). I would be happy to share my knowledge and expertise with you."
